

18V **ONE+™ HP**

RYOBI®

RYOBI® is proud to announce the launch of its **highest performing** tools yet...

This brand new series of 18V High Performance tools, features Ryobi's most advanced technologies. The optimised energy-dense brushless motors, not only spin faster providing more power but the advanced electronics deliver this power more efficiently, maximising the performance of the brushless motors.

RDD18X - ONE+™ HP Drill Driver

Ryobi's most powerful brushless drill yet, features the patented motor design using stronger magnets and spins faster than any ONE+™ Ryobi drill before, enabling high speed drilling capabilities with up to 2,100rpm

The optimised motor provides drilling capacities of 54mm in wood and 13mm in metal. So, even the most demanding renovation project, will be a breeze with the ONE+™ HP Drill Driver.

As well as being Ryobi's most powerful drill driver yet, this drill also offers outstanding runtime; capable of drilling up to 280 holes per charge (In 13 x 50mm wood).

The drill features a premium all-metal 13 mm ratchet locking chuck and comes with an aux handle for stability when drilling through tough material.

ONE+™ HP TOOLS
COMBINE OPTIMISED
ENERGY DENSE-MOTORS,
ADVANCED ELECTRONICS
AND LITHIUM+ BATTERY
TECHNOLOGY FOR THE
ULTIMATE PERFORMANCE.

RYOBI

RPD18X - ONE+™ HP Percussion Drill Driver

Thanks to the powerful hammer function, this percussion drill delivers a percussion rate of up to 31500bpm for drilling into masonry, all whilst keeping the same impressive capabilities for drilling and driving into wood and metal as the RDD18X. This is the ideal tool for home improvements that requires drilling into brick.

RID18X - ONE+™ HP Impact Driver

Not only is this Ryobi's most powerful impact driver yet, it is the smartest. The driver has 4 modes, including an assist mode that starts at a lower speed to help aiming of the screw and then ramps up to maximum speed to finish the task. Making powerful driving easy.

Effortlessly drive screws and nuts with a maximum torque of 300Nm and 4,000 IPM.

RIW18X - ONE+™ HP Impact Wrench

The ONE+™ HP Impact wrench is the ultimate tool for any car enthusiast. Easily change tyres with 700Nm of fastening torque and 900Nm of breakaway torque.

This wrench comes with 3 speed modes, as well as an Autostop mode to prevent over-tightening of wheel nuts and damage to your car.

The handy tri-beam LED lights on the head of the impact wrench, eliminates shadows on bits and fasteners and allows you to get the job done, even in poorly lit work areas

RYOBI

RSDS18X – ONE+™ HP SDS+ Hammer Drill

Perfect for those heavy-duty drilling applications, the ONE+™ HP SDS+ Hammer drills holes 50% faster with an increased drilling capacity of 26mm in concrete, compared to previous Ryobi SDS-Plus drills. The impressive 2.5J of impact energy and 5000bpm is great for light breaking and tile removal.

Not only is this drill powerful, but the excellent runtime means you can drill up to 164 holes in concrete using a 5.0Ah battery.

RAG18X – ONE+™ HP Angle Grinder

With 15% greater torque than previous Ryobi angle grinders, this tool is designed for the toughest of grinding applications.

The 9,200 RPM no load speed is ideal for a variety of cutting and grinding tasks. When switching to different application, the 3-position aux handle provides a variety of ways to hold the tool to make the task easier. The paddle switch allows for improved grip for those applications that require more control.

This tool was designed with enhanced safety in mind. It features anti-kickback technology that automatically shuts off the tool when a jam is detected to prevent kick-back and avoid accidents. The new 2-in-1 guard protects for both cutting and grinding applications, right out of the box.

18V ONE+™ HP

RYOBI

RCS18X – ONE+™ HP Circular Saw

The large 184mm blade and 4500rpm, makes this tool ideal for achieving fast, straight cuts. The saw comes fully equipped with a premium 1.6mm ultra thin kerf 24 teeth tungsten carbide tipped blade.

The 62mm maximum depth of cut allows for easy cutting in thick or stacked wood.

Like all of Ryobi's ONE+™ HP tools, this saw is built to last, with a diecast upper guard for better durability and safety.

RCS18X – ONE+™ HP Jigsaw

The ONE+™ HP Jigsaw was designed to give users ultimate accuracy when cutting through wood, metal and plastic. The premium aluminium die cast base provides greater stability and performance. The high performance brushless motor provides an impressive 800-3400spm and 25mm stroke length, allowing for cutting up to an impressive 135mm of wood.

The 4 stage pendulum, means you can perform a wide range of cut types from fast rough cuts, to precise and controlled cuts like cutting out curved shapes. The bevel adjustment also allows easy cutting at angles from 0° to 45°.

RYOBI®

RDG18C - ONE+™ HP Right Angle Die Grinder

Not only is this the first cordless die grinder in the consumer market, it delivers an impressive 22,500rpm maximum speed, similar to that of a typical pneumatic die grinder whilst eliminating those bulky compressors and hoses.

This is the perfect tool to use for metal working. Whether it's cutting, deburring, shaping, cleaning or polishing.

Being compact and lightweight, it also has 4 speed settings and a variable speed paddle switch to provide ultimate control in the tightest of spaces.

Part of the ONE+™ System

As the latest addition to the ONE+™ range, these tools can be powered by any ONE+™ battery! You can switch one battery between a staggering range of over 150 tools, covering all your DIY and garden needs.

ONE+™ has been powering a range of garden and power tools since 1996: that's over 20 years of ONE+™ innovation in one system of tools. That's why the ONE+™ system is a market leader in the cordless DIY market worldwide.

RYOBI® tools are built to last and come at a competitive price and are protected by a three-year warranty for further peace of mind.

ABOUT US

RYOBI® power tools are backed by the RYOBI® 3-year warranty.

*Registration required for extension from 2 to 3 years for battery powered and electric tools. Please visit our website www.ryobitools.eu within 30 days of purchase for detailed information about warranty conditions and extension registration. This warranty is valid in the European Community, Switzerland, Iceland, Norway, Liechtenstein, Turkey and Russia.

Outside these areas, please contact your authorised RYOBI dealer to determine if another warranty applies. Warranty extension from 2 to 3 years excludes petrol tools. Standard 2-year warranty still applies to all petrol tools.
